

Remarks:

Amendment of claims 40, 41, and 46 is requested. In this amendment, the terms "upper wall" and "bottom wall" as appearing in claims 40, 41, and 46 as filed in the Second Supplemental Amendment on November 6, 2003, have been replaced with the terms "first wall" and "second wall," respectively. This amendment merely involves a change in nomenclature and does not involve the addition of new matter to the specification. Therefore, support for the claim amendments is identical to the support given in the Statement of Status and Support for Claims which was attached to the Second Supplemental Amendment. However, pursuant to the requirements of 37 CFR § 1.173(c), a new Statement of Status and Support for Claims is attached hereto.

The claims are allowable over the art of record for the reasons discussed in earlier prosecution. In view of the foregoing, a Notice of Allowance appears to be in order, and such is courteously solicited.

Respectfully submitted,

By
